

DIY craft foam Birthday party Card

You can use literally anything from the Jumbo Box to make this amazing Birthday Invitation card. Listen to your imagination, and select all the craft foams and deco elements that you feel like using. It could be a muffin box or a gift box as well. If you want to make this cake shape, this will be the list for you. We used scissors, which make patterns. It's more attractive with that.

Take from the PepMelon Jumbo Box:

- 3 craft foam size A5
- 3 pompoms (1 cm)
- 1 clothes peg
- 1 heart shaped self-adhesive craft foam
- 4 - 5 Flower fabric DIY deco
- 10 - 20 deco confetti
