

Imagination - Balloons, Flowers

You can make a beautiful 3D image in a frame! It's a perfect gift idea as well, or it could be a picture to hang on a child's bedroom wall. Get some ideas from our "imagination" (second) page! Print it, and cut it out. Fill it with the flowers or balloons that you've dreamed of. Place it in a picture frame (it will fit into a 14x9 cm, the inner part of a 19x14cm photo frame).

Take from PepMelon Jumbo Box:

- picture frame
- a handful of pompoms or textile flowers
