

Pom-pom-chenille Spider

Cut the chenille stems two pieces, so you have 4 pieces to glue to the bottom of the bigger pom-pom. This will be the 8 legs of the spider. Glue two wiggle eyes on the smaller pom-pom, and glue the pom-pom to the big one! Form the spiders' legs and push its body a little down!

That's it! Have fun!

Take from PepMelon Jumbo Box:

Drawing guide on second page!

- 2 pom-poms, 2 wiggle eyes, 2 chenille stems

If you are lucky, you can find the little confetti spider among the approx. 500 confetti in Jumbo Box.

Techniques:

It's perfect to scare others!

Mr. Spider
