

Bat bracelet, coaster Halloween decoration

Cut out the shapes, glue the mouth and the wiggly eyes on the bat shape. Decorate it with self-adhesive craft foam shapes, rhinestones or with confetti from the Jumbo Box.

For a bracelet, use the smaller shape. Cut a stripe from the craft foam, stick the bat on it. Cut one side narrower at the end and make a notch at the other end. So you can pull the narrower over the other and it will stay on the arm of the kid.

Take from the PepMelon Jumbo Box:

- 2 wiggly eyes
- 2 craft foams (blue and purple)
- 2 self-adhesive craft foam shape, rhinestones or confetti
