

# Halloween roller stamp

Print the second page, cut out the Halloween shapes, draw them around on the craft foam, and cut them out. Press these Halloween shapes on a lint roller, paint with a highlighter or paint, and you can start printing the spooky Halloween shapes on everything!

Halloween shapes on the second page!

## Take from PepMelon Jumbo Box:

- 1 craft foam

Boo!

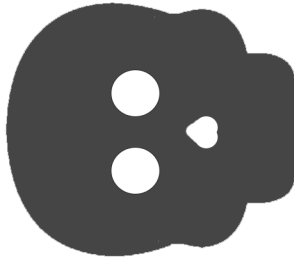

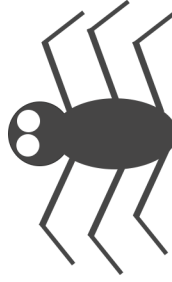

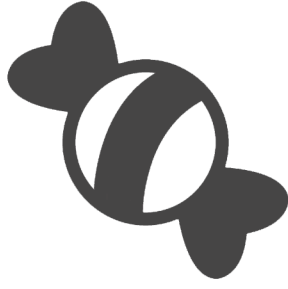

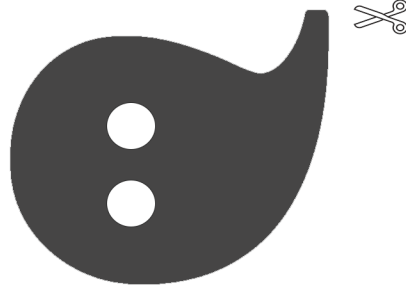

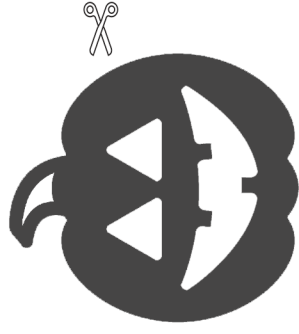

Tips: Of course you can use this little idea, with any other shapes too! You can give a try to your kids, and let them decide it, and draw the shapes!
