

Kiss Stick - DIY photo booth props

Make your own Kiss stick photo booth prop! You can find the cutout template on the second page. Use one of the self-adhesive craft foam to stick it, so the mouth will remain on it.

A great DIY idea for your props not just for New Year's Eve, but for a Birthday party too.

Have fun!

Take from PepMelon Jumbo Box:

- 1 craft foam
- 1 self-adhesive craft foam

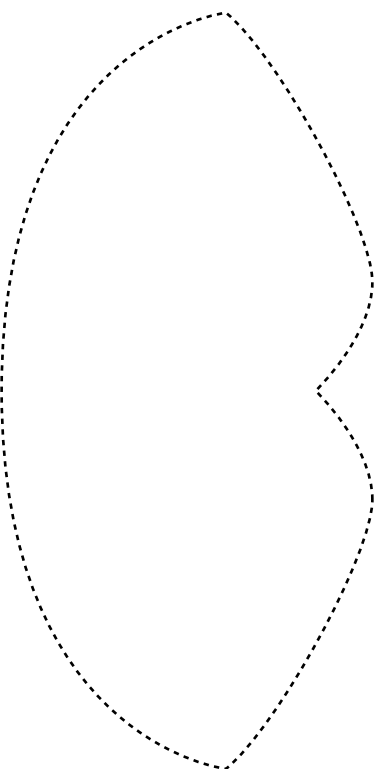

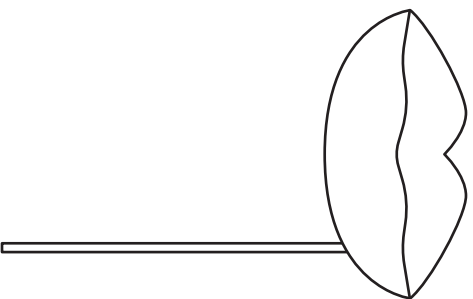

Techniques:

New Year Kiss Stick

1x
