

## Monthly Planner - Stress-Free Fulfilled

Let this be your month! Plan how to spend this time! Print the second page template for every month and fill in the dates in the field according to the month. To make your design really happy and later smile if you look at the monthly plan, use anything from the Jumbo Box. We used deco confetti, craft foam shapes and rhinestones the most. But there are textile flowers and moving eyes on our monthly plan as well. :) It could even have 1-2 small pompoms. Fulfill your tasks with fun!
