Use the template on the second page. Cut out the shapes. Draw around each of them on a craft foam and cut them out. Glue the wiggly eyes and the triangle on the smaller body shape. Glue the smaller body shape to the bigger one, but just at the top part, so you can place some pages between them. Finally, decorate with deco confetti!

Have fun and read more!

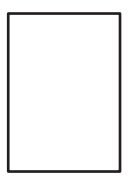

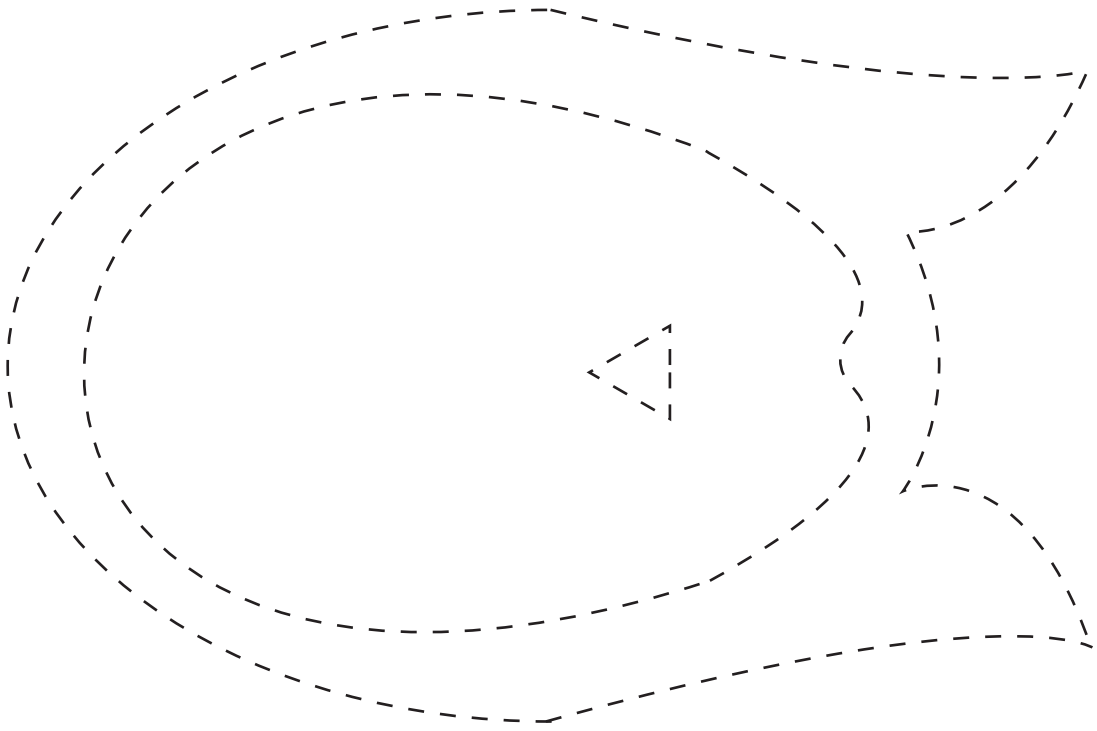

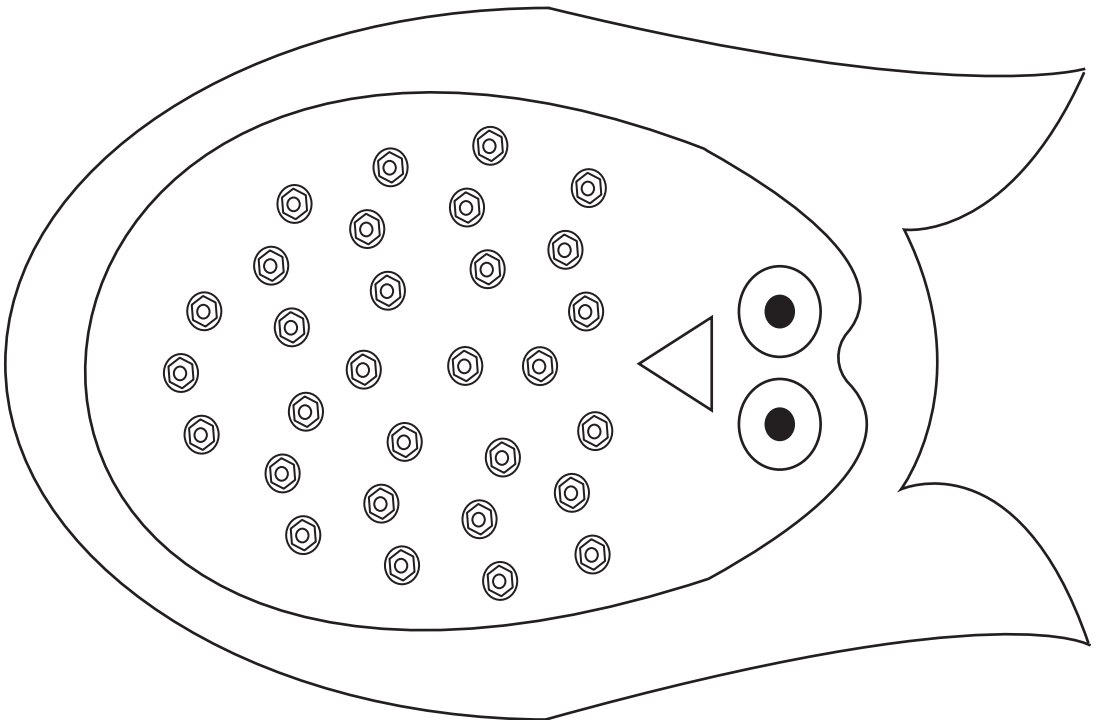

Take from PepMelon Jumbo Box:

- 2 craft foams (2 similar colors hell & dark)
- 2 wiggly eyes
- a handful of deco confetti
