

## Yin Yang kittens 3D picture in frame

Glue the pompoms and the confetti triangles first. With the chenille, first measure how long the neck section is and bend it to make the body part. Just curl it up tightly into a spiral and stick it to the craft foam. Hold it for 10 seconds, then repeat it for the other kitten. Then make the two tails (chenille stems cut in half). Do not forget to alternate the colours, so that when the cat's body is white, the tail is yellow, and when its body is yellow, the tail is white.

### Take from the PepMelon Jumbo Box:

- 1 pink craft foam
- 4 chenille stems (2 colors white & yellow)
- 2 pompoms
- 4 triangle shape of deco confetti

### Techniques:
