

Fit together Heart Rigs

Twist together 2-2 chenille stems. Make the same zigzag shape for both chenille stems, turn one of them to be the mirror image of the other. Tie together to finish the shape at the end of the chenille stem, and wrap the rest around you finger. Repeat with the other one. Put together the 2 shapes, so get a heart, adjust it if necessary.

Take from the PepMelon Jumbo Box:

- 4 pcs chenille stems (2-2 red and purple)
