

Chick or Whale from one template

With this chick template you can make a small whale. Choose a colorful craft foam and cut the template shape.

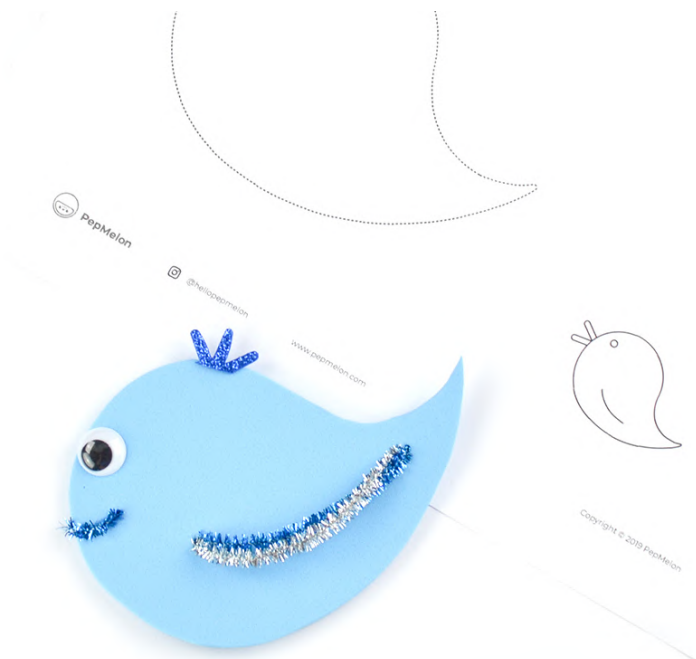

Take 1 moving eye from the Jumbo Box and rhinestones or chenille stem for decoration. You can poke the chenille stems through the craft foams, not need to glue them.

It's that simple!

Take from the PepMelon Jumbo Box:

- 1 craft foam & 1 wiggly eye for both
- 2 chenille stems & 1 self adhesive craft foam shape for the whale
- 12-15 rhinestones & 1 clothes peg for the chick
